

Storybook Farm & Equine Rescue

Sponsorship Program

At Storybook Farm, we have many rescued horses who are very old, have too many medical/health issues, or behavioral issues and cannot be adopted out. These horses are retired here and allowed to live peacefully and comfortably at the farm for the rest of their days. We also have rescue horses who are available for adoption and will hopefully find homes after their issues are addressed here. The sponsorship program will help support the rescued permanent residents here at the farm as well as those available for adoption.

There is no required minimum time for sponsorship. It can be for one month, one year, whatever you choose.

The rescues get what they need, no matter what, and whether or not we get donations. But helping the rescue by sponsoring horses allows us to rescue even more.

Levels of Sponsorship:

Bronze - \$30/month - pays for the horse's special needs for the month (supplements, dewormer, fly spray, etc.)

Silver - \$50/month - pays for the horse's hay for the month

Gold - \$150/month - pays for the horse's feed and hay for the month

Platinum - \$200/month - pays for the horse's complete care for the month

What do you get for being a Sponsor?

- *All sponsors will be recognized on the horse's page.
- *All sponsors will receive a certificate of sponsorship and a photo of their horse.
- *All sponsors will be recognized in our monthly newsletter.
- *All sponsors may come out and visit their sponsored horse and get a photo of them with "their" horse.
- ***Gold and Platinum** Sponsors also receive a Storybook Farm T-Shirt.

The typical rescue horse (we usually have 20-25) will go through:

- *Four to six bags of Triple Crown Complete Feed per month.
- *Four to five bales of alfalfa per month.
- *One bottle of fly spray per month.
- *A tube of dewormer every other month (with a Panacur Power Pac yearly)
- *Various amounts of different supplements and medications per month.
